A WORLD OF EXPERIENCE

MY INTERNATIONAL JOURNEY • PEOPLE • PLACES • PROFESSIONAL GROWTH

BEYOND BORDERS

From professional training in Scandinavia to a telecommunications career in the UAE, development in Malaysia, and life in New Zealand and Australia, my journey reflects curiosity, adaptability and the value of connecting across cultures.

06 / PERSPECTIVE

A Global Mindset

WHAT TRAVEL HAS TAUGHT ME

Living, working and travelling across different countries has strengthened my appreciation for cultural diversity, new perspectives and meaningful human connections. These experiences continue to shape how I approach change, collaboration and professional opportunities.

TRAVEL RECORD NOTE The original document also records a US multiple-entry visa (2012–2017), explicitly marked “yet not travelled”; the United States is therefore not included among visited destinations.
